# Benji J

# Product Manager [SaaS, Music, Crypto—Blockchain—Web3]

**This Document Goal** is to better understand: 1) what I have to offer, how the market sees me; 2) opportunities I haven't considered; and 3) connect with people you think I should talk with.

#### **Background and Experience**

With a background in Sociology and Systems Analysis, Benji has been in Product Management for 5+ years. Skills: Business and Results Oriented, Hands-On, Short and Long-Term Vision, Customer Oriented, Market Understanding

#### Career Goals in 5+ Years: Product Lead (IC) or Head of Product, as a Manager with Reports

Short-Term (6/12 months): Strengthen Core Data Skills | With @EliWendkos

- *Data-Driven Decision Making*. Actions and Questions: How often do we talk to customers? Do we have user segments, and personas? How do we validate that a particular feature solves a customer pain point?
- Formal Training. Actions: Take product certification/s @scrum.org. Attend industry conference.

Mid-Term (2/3 years): Strengthen Strategy Skills | With @SantyVillaruel

- Expand Impact. Actions: Lead a workshop. Collaborate with NGOs.
- Innovation. Actions: How do you understand the market at a macro-level? How do you foster creativity?
- *Strategic Vision and Planning*. Articulate: The ability to create and articulate a long-term product vision that aligns with the company's goals. This includes understanding market trends, customer needs, and competitive landscapes.

Long-Term (5/10 years): Strengthen Culture Skills | With @TiziPittini

- Build From The Ground Up. Action: Start own venture, or join a startup as a co-founder or key team member.
- *Leadership and Team Management*. Articulate: Strong leadership skills to build and manage cross-functional teams, foster collaboration, and inspire innovation. Involves mentoring and developing PMs and team members.

## Company stage preference

Series A: Product-Market Fit

#### Ideal Team & Product

**Strong leadership.** Experienced + Product Vision **Team guidance.** Product informed cycle: CPO-CTO **Useful product.** Frontend/UI, B2C/B2B2C **Nice to have.** Culture: People work well, and thrive.

# Strengths, Gallup based

**Believer** in: people's capabilities. We can all bring a lot to the table. This viewpoint makes me high drive, and persistent.

**Philomath/Curious.** My carrot is in questions, not a single eternal answer. "The mind is not a vessel to be filled, but a fire to be kindled." — Plutarch

**Coach/Supportive.** I push causes to happen, and I believe we can all give something out to the world. wagmi: we're all gonna make it.

**Self-Believer/Ownership.** I believe to have both confidence and certainty to move forward, and I strive for other people to gain them as well.

**Strategist.** Always aiming for the big picture: am I going to be happy about this work in 20 to 50/200 years? I hope so. Let's plan steps and execute!

#### Dream Idea

Earthworms everywhere: like Pay It Forward (2000). I've already given away vermicomposting materials for recycling over a decade. But how do you create a chain reaction? Do others want to spread the word, the earthworms, and recycling in every home around the globe?
